Dear [REDACTED]:

This will acknowledge your letter of recent date, relative to Governor Barron's proposal to grant coal-carrying pipelines the right of eminent domain in the State of West Virginia.

As you know, of course, this matter will be considered by the West Virginia Legislature. The majority of the people in the Second Congressional District are opposed to this. I have expressed myself to our members of the State Legislature that I would be against it, as I do not feel it would be to the best interest of the citizens of the Second District.

I am always glad to have the views of well-thinking citizens on matters affecting our District, the State, and the Nation and appreciate your writing me.

With best wishes and kind personal regards, I am

Sincerely yours,

HARLEY O. STAGGERS
