Title: Multiple-County Projects

Date: 1960-2010

Level: Subseries, Archival

Scope & Content: The West Virginia Project Series contains correspondence, memoranda, clippings, photographs, and other media items relating to projects supported by Senator Robert C. Byrd in the State of West Virginia.

The Multi-County subseries contains files of projects that spanned multiple counties and statewide projects. A section of chronological files ranges in date from 1979 through 2010. Specific projects arranged alphabetically include infrastructure, military, industrial, education, flood-related, and subcommittee projects.

Title: Projects-Administrative

Date: 1975-2009

Level: Subseries, Archival

Scope & Content: The West Virginia Project Series contains correspondence, memoranda, clippings, photographs, and other media items relating to projects supported by Senator Robert C. Byrd in the State of West Virginia.

The administrative subseries contains administrative files, including memoranda from Byrd's staff members, as well as topical memoranda, organized alphabetically. Also contained in the administrative files are the short histories of various projects from all fifty-five counties, compiled by members of Byrd's staff. Finally, memoranda and reports from trips taken by Byrd throughout the state related to projects are organized alphabetically by county and chronologically, respectively.

Title: Projects-Monongalia

Date: 1974-2010

Level: Subseries, Archival

Scope & Content: The West Virginia Project Series contains correspondence, memoranda, clippings, photographs, and other media items relating to projects supported by Senator Robert C. Byrd in the State of West Virginia.

The Individual Counties subseries is comprised of individual counties, representing all fifty-five counties in the State of West Virginia. The counties contain a set of documents and media items arranged chronologically from the 1970s through 2010. Specific projects, arranged alphabetically, follow the chronological files. Topics range from large-scale infrastructure and flood protection projects to community centers, educational and health facilities, and individual constituent needs.
